## AMES CHAMBER GOVERNMENT AFFAIRS

# Of the People, By the People, For the People

## AMES CHAMBER DAY AT THE CAPITOL

**J**oin us for the 2010 Ames Chamber Day at the Capitol, on Tuesday, Feb. 9, when we bring the Ames community face-to-face with the legislators making decisions impacting our business.

The day's agenda will include

speakers on a variety of priority issues, small-group advocacy activity, an Ames community showcase in the Capitol Rotunda, and a thank-you lunch for Chamber members and all legislators provided by Hickory Park.

Even if you've never been to the Capitol before, or if you don't feel you're up to speed on the latest legislative issues, this is a great opportunity to learn the process in a very simple, non-threatening way. Be a part of making democracy happen.

There is no cost to attend the Day at the Capitol activities, but registration is required.

Transportation to and from the Ames Chamber will be provided, and you will be back in Ames by 2 p.m. Register to attend at our Web site at [www.ameschamber.com](http://www.ameschamber.com) by Friday, Feb. 5.

## FEBRUARY LEGISLATIVE LUNCH

**Noon, Friday, Feb. 26**

**\$5/person (includes lunch)**

**Register at [www.ameschamber.com](http://www.ameschamber.com)**

**S**ave the last Friday of this month for lunch with our state representatives for Story County.

These lunch events are a great opportunity to hear from and speak with your state-level elected officials about the issues that matter most to you.

Because of a shortened session this year, time and communications are of the utmost importance, so be sure to make your voice heard. Our legislators are always happy to answer your questions and respond to your concerns.

Special thanks go to our February Legislative Lunch sponsors: Ames Home Builders Association, Becker Underwood, Converse Conditioned Air, Nelson Electric and State Farm Insurance (Pat Brown Agency).

## ■ GOVERNMENT

# Ames Chamber lists its 2010 legislative priorities

The Ames Chamber of Commerce consists of more than 700 businesses representing more than 33,000 individuals in Ames and the surrounding area. The state legislative priorities listed in this document come from membership surveys, Ames Chamber Board of Director discussions and like-minded partner organizations in our community, state and nation.

The mission of the Ames Chamber is to provide our members with services that enhance the quality of life in our community and strengthen the economic vitality in Ames. We believe educating our members about elections and candidates, encouraging participation in the voting process, and providing information about issues affecting the business climate is essential to fulfilling that mission.

The Ames Chamber supports legislation that furthers business and economic development. These priorities help set the direction for our advocacy efforts for the 2010 Session of the Iowa State Legislature.

### BUSINESS CLIMATE

**Economic growth:** To both maintain and enhance our attractiveness to current and potential businesses, it is essential that Iowa does what is possible to lower costs to businesses and employees.

- Support the state's right-to-work law and oppose any legisla-

tion that would negatively impact those laws.

- Oppose adding items that can be negotiated to Iowa's public employee collective bargaining.
- Encourage growth and development by providing incentives for companies that create high paying jobs.

**Income Tax:** If the state flattens and adjusts the current income tax structure to a two-tiered system, Iowa could maintain its income tax revenue stream while eliminating the confusion in marketing our state.

- Simplify the income tax system.
- Restructure Iowa's corporate tax system.

**Property Tax Reform:** Iowa's urban commercial property tax rates are the fifth highest in the nation, rural commercial rates in the top ten highest, and industrial rates rank 15th highest. Neighboring states (Minnesota, South Dakota and Nebraska) enjoy more competitive commercial and industrial property tax rates.

- Reform property taxes to make a more equitable distribution of property taxes between classes of property (commercial, industrial, agricultural and residential).

**Entrepreneurship and Business Growth:** To accelerate business

growth and vigorously participate in the global economy, Iowa's leaders must nurture entrepreneurial talent and venture capital.

- Continue funding for research parks and regional business accelerators.
- Provide increased funding for ISU's economic development programs such as IPRT, ISU Research Park and the Small Business Development Center.
- Restore Venture Capital, and Research and Development tax credits.

### Workforce Development:

Iowa's workforce needs must be addressed with long-term, multi-faceted policies including education, training, retention and recruitment. Students need measurable learning opportunities that meet the needs of today's world marketplace, including disciplines in science, technology, engineering and mathematics (STEM). Generating interest among teachers and students for STEM-oriented curricula and related careers in Iowa is critical.

- Implement 21st century learning skills by setting statewide standards

### GOVERNMENT ACCOUNTABILITY

- Improve governmental efficiency through consolidation of government units

- Practice long-term (multi-year) state budgeting process.

### K-12 EDUCATION

The Ames Chamber will continue to support legislation that provides resources that reflect the actual cost of school funding.

- Preserve the statewide penny sales tax for school infrastructure.
- Support rigorous content standards consistent with the Iowa Core Curriculum. This sets high expectations for student learning while supporting local school districts with the delivery of those expectations.
- Oppose changes to labor and employment laws unless those changes are proven to positively impact student learning and achievement.

### IOWA STATE UNIVERSITY

The Ames Chamber continues to be a partner in promoting the concerns and needs of the institution. We support the following ISU initiatives:

- Complete the ISU biorenewables complex, which will provide new facilities for the Agricultural and Biosystems Engineering Department.
- Correct and repair environmental and fire safety deficiencies, along with deferred maintenance, at the five regent institutions (\$50 million).
- Improve the field of electrical and computer engineering by continuing to remodel Coover Hall.

## ■ PARTNERS IN EDUCATION

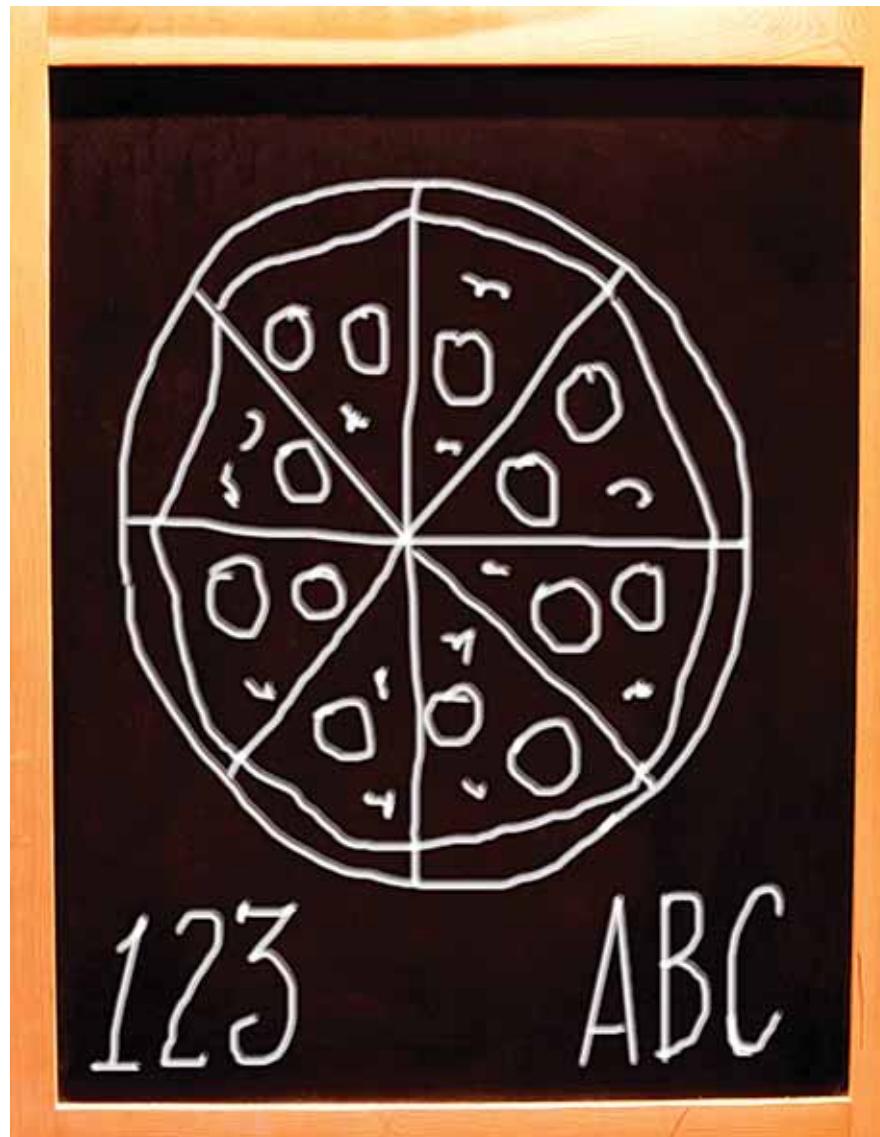

# Saluting educators all year long; Pizza 'PIE' delivered to area educators

**P**artners in Education (PIE) is a program facilitated by the Ames Chamber Education Connections committee.

## ■ YOUNG PROFESSIONALS OF AMES

# February news

## The future of the Ames and ISU event business in Ames

**O**n Jan. 19, the Young Professionals of Ames were updated on a timely development in the Ames community: the availability of convention space for conferences, meetings and events.

A study commissioned by the Ames Convention and Visitors Bureau in spring 2009 outlined the past, present and future ways Ames and Iowa State University will compete for conventions, meetings and special events. Julie Weeks, director of Ames Convention and Visitors Bureau and ISU Extension Conference Planning and Management, explained some of the specific needs which include increasing room capacity by 25 percent, an exhibit hall at least 40,000 square feet, and more ballroom space.

While the economy is a factor in implementing updates and changes, the flat space committee continues to move forward. One option Weeks and the committee are exploring is an expansion of Iowa State Center's Scheman Building, which would include a LEED Gold certified hotel and expanded flat space for trade shows. Ames values its visitors and travelers to the community, and with an expansion of convention facilities, there will also be heightened quality of life experiences available to Ames residents and visitors.

For questions about the progress of this study, you may contact the Ames Convention and Visitors

Bureau at (515) 232-4032.

## YPA Annual Sponsor educates YPs on the housing tax credit

**S**ara Lehman and Shana Lancaster, mortgage lenders with First National Bank, spoke to the Young Professionals of Ames in late January about the process of purchasing a house and what the First Time Home Buyer Tax means for a new homebuyer.

Hosting an Annual Sponsor Breakfast or Luncheon is one of the many benefits of YPA annual sponsorship. The next round of sponsorship will run from July 2010 to June 2011. If your business has interest in becoming a sponsor, contact Barry Green, YPA president, at 956-4343 or Megan Backman, Chamber staff liaison, at (515) 232-2310.

Please join us downtown for special discounts and promotions in many of the stores. There are only two times of the year that these promotions are available — this, the last weekend in January, and again during our Summer Sidewalk sales July 29 to 31. Snow or sun, the Main Street Cultural District stores are here to meet your shopping desires.

## Snow Magic

We hope you were able to join us for our 2009 Snow Magic event. The weather was great, and we had a wonderful turn out. We would like to thank the following sponsors and individuals for helping to make this event such a success: Ames Convention and Visitors Bureau, City of Ames Electric, Wells Fargo, Jet Print, Hy-Vee, Temptations, Party Time, Celebrations, Straughtman Tree Farm, Everts Flowers, Lazy M Shoes, Rieman Music, City of Ames, Alpha Copies, Chocolaterie Stam, Iowa Brass Quintet, The MSCD Promotions Committee chairs and members, Mayor Ann Campbell, and, of course, Santa.

## Investors

Did you know that any member of the Ames Community is able and welcome to become an investor of the Main Street Cultural District? We consider the whole of the community to be “members” already, as each of us has a stake in the heart of our community, the downtown. Our “investors” are those businesses, societies, clubs and citizens that take a special interest in the vitality and success of our district. As an investor, you will feel proud that your contribution to the cultural district goes towards maintaining and improving successful events such as Fourth of July Festival, Downtown ArtWalk, Tune Into Main Street Concert Series, Downtown MusicWalk, Snow Magic, and perhaps additional fun events in the future. All of these events are provided free to the public, and this is made possible by support from the City of Ames, the Ames Chamber of Commerce, event sponsors, and importantly, our investors. We welcome business investors, as well as individual and family investors. Please contact us by phone at (515) 233-3472 or by e-mail at [director@mainstreetculturaldistrict.com](mailto:director@mainstreetculturaldistrict.com) for more information.

## ■ WHAT IS LEADERSHIP?

# Leadership Ames Class 23 continues leadership development

**W**hat do 17 pieces of string, a small ring and a soccer ball have to do with developing leadership skills? Apparently, as the 2009-10 Leadership Ames class found out, quite a lot.

Leadership Ames Class 23 continued on its leadership development journey by meeting in January with guest facilitator Donna Gilligan. The day included discussions on flexible leadership and change leadership for a competitive advantage, as well as the class participating in a fun teaming activity, the “ball string exercise” (see photo), to model leadership skills such as empowerment and delegation.

During the next few months, Leadership Ames Class will focus on state and county government, community development, and business and industry issues, as well as selecting community service projects to benefit our Ames community.

Leadership Ames is a 9-month program open to Ames Chamber members that provides selected candidates a broader view of civic leadership responsibilities and opportunities through direct contact with people and institutions influencing and shaping the Ames community.
